## The AIRFLEX\* Advantage

Technologically advanced Paper Towel for superior hand drying and environmental benefits across our **KLEENEX® & SCOTT®** range.

## Technology & Impact on Performance

Ordinary Paper Towels have tightly compressed Fibres which cause water to sit on top of the Towel, taking longer to absorb.

**AIRFLEX\* Paper Towels** have specially spread fibres creating absorbency cells to quickly draw the water in.

**Competition**      **AIRFLEX\***

**1000x  
Magnification**

Faster absorbing for more effective drying

Stronger when wet so they won't break up easily

Softer for a more luxurious feel

Made with less natural resources for a more sustainable choice

**Kleenex®**  
BRAND

**Scott®**  
BRAND

## Importance for Users

- A more pleasurable experience
- A more effective hand dry
- Less frustration

## Benefits for Choosers

**AIRFLEX\* Paper Towels** delivers greater user preference. More satisfied users can mean less complaints.

**AIRFLEX\* Paper Towels** can also help improve hygiene through more effective hand drying.

Using **AIRFLEX\* Paper Towels** can help reduce waste which can help improve productivity of cleaning staff and washroom image.

A more sustainable choice, **AIRFLEX\* Paper Towels** reduce demand on natural resources with up to 25% less fibre used in production and reducing the amount of waste diverted to landfill.
